Green Bay Area Public Schools – Job opportunity

The **Chief Research, Evaluation and Assessment Officer** is responsible for supporting the district’s continuous improvement efforts by providing leadership and oversight of accountability planning, implementation of performance measures as well as program research and evaluation. The Chief Research, Evaluation and Assessment Officer supports timely and reliable monitoring of district, departmental and school-based administrative and instructional programs by supporting data-driven decision making management practices. The Chief Research, Evaluation and Assessment Officer provides oversight for the implementation of student assessment activities as defined by Teaching and Learning and ensures that the district is in compliance with the Board, state and federal policies and provides project oversight for critical projects and maintains relationships with local, national and state agencies.
