

The SoE/WCER Thursday Graduate Lecture Series Presents:

# **15 Things you Need to Know about Graduate School: A Panel Discussion with Advanced Ph.D. Students**

Three advanced graduate students share their experiences from various doctoral programs in the School of Education. Each presenter will share her top five lessons for successfully navigating a program of study. The brief presentations will be followed by a question and answer period that will address the challenges and rewards of working towards a doctoral degree.
